
Kogo Squares for Blankets

If you are interested in making squares for blankets, please feel free to do so. We do not expect you to make enough squares for a complete blanket as we have a team of wonderful volunteers who assemble blankets for us, so if you would like to use up some spare balls of wool, or part balls, please just follow the sizing below so when we receive your squares they will be the same size as others we have received and can be easily combined into a complete blanket.

Crochet squares are equally acceptable provided the sizing is the same as the straight knitted squares (i.e. 20cm x 20cm).

Kogo Straight Squares Blanket

Please use 8 ply wool with 4mm needles - these squares will measure 20cm x 20cm

Knitted Straight Square Pattern

- Cast on 40 stitches
- Knit in garter stitch until square measures 20cm
- Cast off

For a cot blanket we recommend using 6 x 5 squares giving a blanket sizing of approximately 1.2m x 1m.

For an adult blanket we recommend using 6 x 8 squares giving a blanket sizing of approximately 1.2m x 1.6m.

Kogo Knitted Diagonal Squares Blanket

Please use 8 ply wool with 4mm needles - these squares will measure 17cm x 17cm

Knitted Diagonal Square Pattern

- Cast on 3 stitches
- 1st Row - Knit 1, knit into front and back of next stitch, knit to end of row, turn
- Repeat 1st row until there are 40 stitches
- KNIT 4 ROWS WITHOUT INCREASING
- Next Row – Knit 1, knit 2 together, knit to end of row, turn
- Repeat last row until 3 stitches remain
- Cast off

For a cot blanket we recommend using 6 x 6 squares giving a blanket sizing of approximately 1.2m x 1.2m

For an adult blanket we recommend using 8 x 10 squares giving a blanket sizing of approximately 1.3m x 1.7m.

You can crochet an edge around the finished blanket if you so desire.
